

Directions on Using or Changing Your Subscription to the AFS Student Listservs (Revised 8/14/08)

The Student Subsection currently manages two student listservs: one for Student Subsection members ONLY and one for all AFS student members. Anyone can post a message to either listserv. To send a message to the Subsection member list, send your email to studentsubsection@lists.fisheries.org. Messages to AFS student members enrolled in our listserv can be reached by emailing students@lists.fisheries.org. Messages appropriate to the student listservs are information about job or graduate school opportunities, AFS business, and other related items. **SPAM WILL NOT BE TOLERATED!** All messages will be approved by the listserv administrator before being sent to enrolled members.

General information about the lists can be found at:
