

Advanced Excel Fisheries Workshop

Sponsored by the
Michigan Chapter of the American Fisheries Society
Continuing Education Committee
February 23 – 24, 2010
Ramada Inn Conference Center
Grayling, Michigan

Course Description: Through a combination of lecture and exercises, this course is designed for researchers who wish to expand their knowledge in the advanced features of Excel. We will be covering formulas, statistics, and the use of the data analysis toolpack, solver, and pivot tables. There will be brief discussions of database management, 3rd party Add-ins for Excel, and Visual Basic for Applications. A basic familiarity with Excel is advised to get the most from the workshop. You **MUST** bring your own computer with Excel installed (Windows version 2003 or 2007, or corresponding MAC OS versions) to participate in the workshop. Mac OS users are advised that differences (especially with Excel 2008) in software may limit participation.

Instructors: Dr. John Roese is a Professor in the Department of Biological Sciences of Lake Superior State University and is an Associate Certified Wildlife Biologist. Assisting him will be Dr. Geoffrey Steinhart, Assistant Professor and Co-Director of the Aquatic Research Laboratory at Lake Superior State University. Both have more than a decade of experience using Excel for data organization and analysis, statistics, and modeling.

When: Tuesday, February 23, 1:00 – 5:00 pm and Wednesday, February 24, 9:00 – 12:00 am

Where: Ramada Inn Conference Center Pine Room. Grayling, MI.
